ROCKINGHAM HOTEL

PORTSMOUTH, N. H.

Located on State Street in the heart of the City.

PORTSMOUTH, NEW HAMPSHIRE

Was settled in 1623 by David Thompson, a Scotchman, at Odiorne's Point, at the entrance of the Piscataqua River. The city is now located three miles from the sea on the southwest bank of the river. It was the capital of the province of New Hampshire prior to the Revolution. From the early days of its history, Portsmouth has been a shipbuilding town.

The whole region is a noted ocean summer resort, with the Rockingham Hotel located in the heart of Portsmouth. Over 5,000 touring automobiles pass through Portsmouth daily in the summer time, en route either to Maine resorts and the White Mountains, or returning. The Shore Boulevard is one of the two roads leading from Portsmouth toward the south. A steamer sails from Portsmouth daily, in the summer, to the Isles of Shoals, seven miles at sea. They are widely known through the writings of Celia Thaxter, who lived on one of them and were visited by Captain John Smith in 1614. Conventions are held on the Islands in July and August. The daily candle-light service is noted.

Portsmouth is widely known for its fine examples of Colonial architecture, and particularly its doorways and carved woodwork. It probably has more interesting Colonial doorways than any other city or town in New England.

The leading industry is the Navy Yard, which is more than one hundred years old. It is reached by a government ferry from the foot of State Street, or by crossing the bridge to Kittery Point. At the Navy Yard are to be seen the building in which the **Peace Treaty between Japan and Russia was signed in 1905,** the Commandant's residence in which Admiral Farragut died, and the Atlantic coast Naval Prison. The spot on the floor of the Supply Building, where the Portsmouth Treaty was signed, is marked by brass clasped hands and brass disks set in the floor. Among the ships stationed, refitted or built here were the "Constitution", the "Kearsarge", and Admiral Farragut's flagship, the "Franklin". Lieutenant A. W. Greeley and his five fellow survivors of his ill-fated Arctic expedition recuperated here. Admiral Cervera and 700 Spanish sailors were kept here following the battle of Santiago in the Spanish-American war, in which they were captured. It is now the Atlantic submarine construction and repair base of the Navy. It is noted for producing submarines at a lower cost, in quicker time and with better workmanship than any other yard, public or private, in the country, the shipbuilding traditions of the region contributing to its efficiency. Fishing is an industry.

A new two-million dollar bridge spans the Piscataqua River to Kittery Point, Maine, in memory of American soldiers and sailors, at the expense of the Federal government, the states of New Hampshire and Maine and the city of Portsmouth. Owing to the fact that the average depth of the water is from 40 to 60 feet, Portsmouth Harbor is the deepest on the Atlantic coast. The sinking of the bridge piers was an unusually difficult engineering feat and involved the use of caissons at a depth of 80 to 90 feet under the surface of the water. This bridge now provides a new route into Maine.

At New Castle, New Hampshire, is Fort William and Mary, now Fort Constitution, built about 1630. On the night of December 14, 1774, this fort was attacked by a party of patriots and fifteen barrels of gunpowder seized. It was afterwards used at Bunker Hill.

Points of Interest

MARKET SQUARE AND OLD PARADE

Former site of State House, town pump, and whipping post. Scene on November 1, 1765, of mock funeral procession protesting Stamp Act of George III. Here the Declaration of Independence was read July 18, 1776. On June 26, 1788, State House was illuminated in honor of adoption of Federal Constitution by New Hampshire, the ninth state. This action completed the number necessary for its adoption by the country. October 30, 1789, President Washington addressed a great throng from the balcony of the State House. The State House was removed in 1836.

PORTSMOUTH ATHENAEUM

Market Sq. Erected in 1803 as an insurance building. Purchased in 1817 by a group of gentlemen who had formed an association to promote a public library. Building contains interesting portraits, models of numerous ships built at Portsmouth, and a library of more than 20,000 volumes, original manuscripts and other Portsmouthiana.

NORTH CHURCH

Market Square. December 16, 1773, in earlier building was held the Portsmouth Tea Party in protest against tea tax. President Washington attended service here, occupying the pew of General William Whipple. Among other pew holders in the old church were Gov. John Langdon, first president of the United States Senate, and Daniel Webster.

WARNER HOUSE

Daniels and Chapel Streets. Erection begun in 1718, and finished in 1723. Noted example of early Georgian architecture in America. When built was one of the most costly houses in this region, being constructed of brick brought from Holland, with walls 18 inches thick. The lightning rod was erected by Benjamin Franklin. Fine bull's eye glass in the door and cupola. House contains many articles of early furniture and interesting frescoes of unknown origin.

ST. JOHN'S CHURCH AND CEMETERY

Chapel St. In 1732 Queen's Chapel was erected on Strawberry Bank. Named in honor of Queen Caroline, who presented chapel with a service of plate stamped with the Royal Arms. Present building erected in 1807-1808. Contains interesting memorials and one of the four American copies of the "Vinegar Bible". Bell brought by Sir William Pepperell in 1745 as part of plunder from Louisburg. Recast by Paul Revere in 1806. In the church is "an ungodly chest of whistles", an organ presented to the parishioners by the Brattle Street Church in Boston, which the pious people of that congregation refused to accept. Pew occupied by Daniel Webster is marked. President Washington and his secretary, Tobias Lear, occupied the Governor's pew.

THOMAS BAILY ALDRICH HOUSE

Court St. Known to readers of the "Story of a Bad Boy" as the Nutter House. Boyhood home of Thomas Bailey Aldrich. Furnished in minutest detail as described in the "Story of a Bad Boy". In the garden are the flowers mentioned in Aldrich's poems. In a fire-proof building in the rear are preserved many autographed books and pictures and numerous manuscripts given to and written by Thomas Bailey Aldrich.

WILLIAM PITT TAVERN

Court and Atkinson Sts. Built in 1770, "for the accommodation of genteel travelers". Originally called "Earl of Halifax". Meeting place of Portsmouth Tories and officers of the Crown. Sons of Liberty, 1777, threatened the proprietor and the name was replaced with

"William Pitt". Among famous visitors were President Washington, Marquis de Lafayette, when French fleet visited Portsmouth harbor in 1782, John Hancock, Elbridge Gerry, General Knox, Louis Philippe and his two brothers.

GOV. JOHN LANGDON HOUSE

Pleasant and Court Sts. Built in 1784, by Gov. John Langdon, delegate to Continental Congress, commander of a body of cadets at Burgoyne's surrender, financial backer of the New Hampshire forces that stayed the British at Bennington, President of the United States Senate at its first session, administering to Washington and Adams their oath of office as President and Vice-President. President Washington, Louis Philippe, later King of France, his brothers, President Munroe, and President Taft were entertained in this house. It was reproduced as the New Hampshire Building at the Jamestown Exposition.

WENTWORTH-GARDNER HOUSE

Mechanic and Gardner Sts. Erected in 1760, by Madam Mark Hunking Wentworth for her son Thomas. Noted for its fine doorway and interesting interior wood carvings. It is owned by the Metropolitan Museum of Art. Has a most interesting fireplace in the kitchen equipped with automatic device for roasting meats. Magnificent linden tree more than 200 years old stands beside the house.

TOBIAS LEAR HOUSE

Hunking St., near Marcy St. Birthplace of Tobias Lear, in 1760. Following graduation from Harvard College in 1783 and upon recommendation of General Lincoln of Boston, he became private secretary to General Washington and the tutor of his two adopted children. Continued as Washington's secretary until the latter's death, living with him at Mt. Vernon. Communicated to President Adams and through him to Congress the information of Washington's death. House visited by President Washington, November 3, 1789.

FIRST WENTWORTH HOUSE

Manning St. Erected by Samuel Wentworth probably before 1670. Birthplace of his son John Wentworth, Lieutenant-Governor of the Province. House noteworthy for heavy frame construction with girders centering about the chimney, ten by thirteen feet in size. In the wainscoting are pine boards thirty-eight inches in width.

ORIGINAL HOUSE

A Famous hotel, standing on the site of former home of Hon. Woodbury Langdon, elder brother of Gov. John Langdon. Original house burned, 1781, rebuilt in 1785. In 1830 it became a public house known as the Rockingham. The Colonial dining room with its fine wood carving, which formed a part of the Langdon mansion, escaped destruction in 1884 when fire damaged the major part of the building. The room is still preserved as part of the Hotel, and is of interest because of its woodwork. A cordial invitation is extended by the management to the traveling public to visit this room.

PORTSMOUTH HISTORICAL SOCIETY, JOHN PAUL JONES HOUSE

Middle and State Sts. Gambrel-roofed. Erected in 1732, by Captain Purcell, well-known merchant, whose widow, after his death, maintained it as a boarding-house in 1779, and entertained Captain John Paul Jones during his stay in Portsmouth while awaiting construction of the "Ranger" at Badger's Island.

HAYMARKET SQUARE AND J. WINSLOW PIERCE HOUSE

Named from the fact that here was located a hay market with scales in 1755. September 12, 1765, the effigies of George Meserve, stamp agent, Lord Bute, head of the British Ministry, and the devil, who was believed to be the instigator of the tax act were hung here throughout the day, carried through the town in the evening and burned. The Pierce Mansion has noteworthy furniture.

It became the home of General William Whipple, a son-in-law, who was elected a member of the Continental Congress in 1775, and was a signer of the Declaration of Independence. It came into possession of Alexander Ladd and his wife, whose descendants transferred possession to the Society of Colonial Dames. Building was the first square three-story house in New Hampshire and is of unusual architectural interest. Hall is a reproduction of a hall in house of Captain Moffat's father in England. Some of the wood carvings were done by Grinling Gibbons, celebrated English architect. Whole house is furnished as the home of a well-to-do family of the eighteenth century. In the rear is a most delightful old garden with arbors, walks, old-time flowers, terraces and lawns, carefully maintained.

LAUNCHING PLACE OF "RANGER"

Badger's Island. Tablet marks spot where John Paul Jones' sloop of war slid into the sea on March 10, 1777. It is close to the landing place of the Kittery ferry.

HERE is what Peter Cooper, who died worth many millions, said of a local newspaper and Directory: "In all towns where a newspaper and Directory are published, every man should advertise in them, if nothing more than a card stating his name and the business he is in. It not only pays the advertiser, but it lets the people at a distance know the town in which you reside is a prosperous community of business men. As the seed is sown so the seed recompenses. Never pull down your sign while you expect to do business."—Exchange.

WHAT DO YOU DO WITH THE OLD DIRECTORY ?

Why not take the old book home now that the new one is out. Many of our subscribers are doing this and tell us it is quite as necessary to have one in the home now as in the office.

THANK YOU! **Your Wife** will find many uses for it. She can look up the people she meets and find out who's who in your city. She will use it for invitations, addresses, streets, etc.

THANK YOU! **Your Daughter** can look up her friends, their parents, club, church and society data, and miscellaneous information of all sorts. Find strange streets and exactly how to reach them.

THANK YOU! **Your Son** will find it both interesting and instructive. It will settle many a friendly argument.

THANK YOU! **The Old Folks** can look up their old friends, the various facts concerning the city, and they will marvel at the city's wonderful growth.

You Will Use It Yourself

and the folks will thank you for bringing it home

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
